

QUALITY POLICY

KNM, an organization with its core business in engineering, procurement, modules, Storage facilities, Process piping etc in Oil & Gas, Petrochemicals, Power & Renewable energy etc is totally committed to achieving and maintaining the highest standards of quality to consistently provide products and services that meet or exceed the requirements and expectations of our customers.

KNM intend to achieve this by establishing, implementing and maintaining an effective Quality Management System (QMS) that complies with ISO 9001: 2015 standards. With the aim of producing products and services that we can justifiably be proud of, KNM is committed to:

- ✓ **Keeping** to the best industry practices and ensure effective implementation of QMS at all levels.
- ✓ **Nurture** all employees with the knowledge / training for proper understanding of the importance of QMS.
- ✓ **Meet** and commit to comply with the applicable statutory and regulatory requirements.

We have a total commitment to Continuous Improvement through rigorous application of the principles and practices of our QMS and by establishing clear departmental Quality objectives, in accordance with the framework laid down within ISO 9001:2015.

All KNM employees are responsible for the implementation of this policy by cooperating, participating and contributing to its success. This policy has the full support of the entire Management of KNM.
